ENGLISH SECTION B

16. Read the passage below and answer the questions that follow in full sentences

People, young and old shop every day. People can do their shopping in malls, supermarkets, shops or at stalls. They can also buy from hawkers. Before buying anything one must write a shopping list. This will help one to buy only what one wants and avoid over spending money. People should be very careful when they are shopping to avoid thieves, pickpockets or cheats. They should be very careful when selecting what to buy because sometimes some items are very old, spoilt, rotten or expired. Vendors can also pack less or spoilt items for somebody who is not careful. You should check your change before keeping it because you may be given torn or fake notes or less money than what you should get.
