(b) Which type of pollination takes place in pawpaw plants?

(c) Name **one** non-living thing which pollinates flowers.

(d) What happens in a flower when the stigma receives pollen?

44. Match animals in **List P** with their breathing organs in **List Q** correctly.

P

cow
grasshopper
fish
spider

Q

gills
booklungs
lungs
spiracles

i) cow _____

ii) grasshopper _____

iii) fish _____

iv) spider _____

45. The diagram below shows a baby. Study and use it to answer the questions that follow.

(a) Name **one** vaccine administered to the baby through:

(i) S _____

(ii) T _____

(iii) R _____

(b) State the mode of vaccine administration applied at part marked T.

46(a) Give the meaning of the following terms as used in apiculture:

(i) swarming _____

(ii) apiary _____

(b) State two reasons why bees may leave one hive to another.

(i) _____

(ii) _____

47(a) Name the intestinal worms that lead to the following conditions:

(i) malnutrition _____

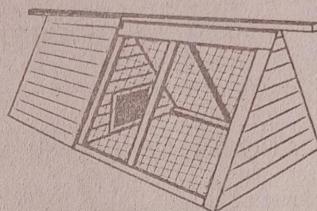

(ii) anaemia _____

(b) Apart from deworming, mention two other ways of controlling the effects of intestinal worms.

(i) _____

(ii) _____

48. The diagram below shows a structure for keeping rabbits. Study and use it to answer the questions that follow.

(a) Name the structure shown above.

(b) Mention any two materials that are used when constructing the structure above.

(i) _____

(ii) _____

(c) Why should the structure drawn above always be raised above the ground?

49(a) Give any two examples of dangerous objects in the compound.

(i) _____

(ii) _____

(b) Write any two accidents caused by dangerous objects in the compound.

(i) _____

(ii) _____

50(a) Which component of air makes up the following percentages?

(i) 0.97% _____

(ii) 78% _____

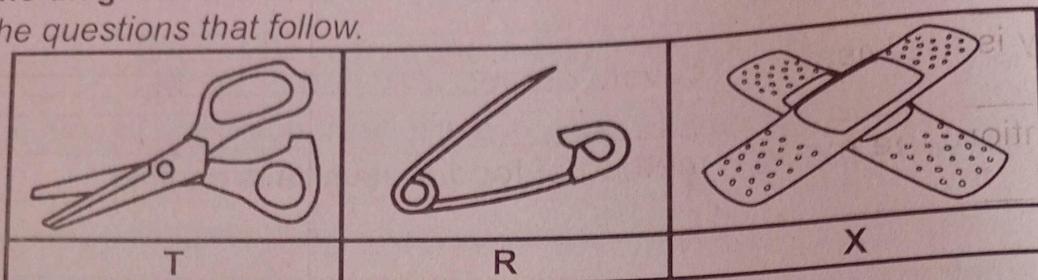

(b) Give any two ways air is useful to people.

(i) _____

(ii) _____

51. The diagrams below show First aid Kit. Study and use them to answer the questions that follow.

- (a) Name the item marked with letter **T**.
- (b) State the importance of item marked with letter **R** to a first aider.
- (c) Name **one** accident which requires the use of item **X** when giving first aid.
- (d) Apart from the ones drawn above, write any **one** other item used when giving first aid

52(a) Give **one** example of a seed that undergoes each of the following;

(i) Hypogeal germination _____

(ii) Epigeal germination _____

(b) Write **two** conditions needed for germination to take place.

(i) _____

(ii) _____

53(a) Give **two** uses of food in the human body.

(i) _____

(ii) _____

(b) Write **two** dangers of eating contaminated food.

(i) _____

(ii) _____

54. Study the table below about digestion and fill in the blank spaces correctly.

Part	Juice	Enzyme
Mouth		Salivary amylase
	Gastric juice	
Pancreas		Lipase and Amylase

55(a) What term refers to the keeping of the body clean?

(b) Mention any **two** materials used to keep the body clean.

(i) _____

(ii) _____

(c) Give **one** danger of failure to bathe regularly.
